Mr Lloyd Garrison, Esq,

Sir,

Enclosed please find notice of a new Publication which appears through the efforts of who was once an old countryman, but now an American citizen, and ~~one~~ who knows one you are somewhat familiar with perhaps yet "Rev. Geo. Gilfillan, Dundee, Scotland." His erratic ideas of our late conflict will likely undergo a change now.

I could not possibly have had the pleasure of seeing and hearing you while here, which I am sorry for. The strains of "Send Back the Money" are still familiar with quite a number of the residents here. You will recollect the Divines from Auld Scotland getting South for the

(to them) laudable purpose of
"raising the wind" from the
slavery.

By one bold Proclamation
And clear the way for a far brighter day
To shine over our civilization" J.B.
